

comPADre Kiosk

Data Sheet

Featuring Table Mount, Wall Mount and Free Standing Variations

Put your iPad® to work and secure it in style. The comPADre mount and stands allow your iPad® and iPad2® to serve as an interactive business kiosk. The ever growing popularity of tablet devices has sparked a demand for these sleek, cost effective and functional enclosures. The comPADre comes in three variations: table mount, wall mount, and free standing in either landscape or portrait configurations. Handsomely constructed from powder Coated sheet metal and aluminum and engineered with proprietary tamper resistant features; the comPADre is the most robust theft resistant iPad® enclosure on the market.
