- And more!

OLEA KIOSKS

Better Kiosks through Intelligent Design

Forty years and countless customers later, Olea Kiosks has become the one-stop-shop for high-quality, innovative self-service solutions for Fortune 500 companies and smaller brands alike. From QSR giants to the world's leading athletics company, Olea has worked with the best brands in business.

We manufacture every one of our kiosks at Olea's Los Angeles headquarters while working with clients across the globe to develop innovative solutions that provide the best user-experiences and deliver the highest ROI.

SOME OF OUR SPECIALTIES

Healthcare. The medical profession is still a relative newcomer to self-service. While some kiosks confuse size and cost for excellence, Olea's line of sleek, elegant and small-form-factor units make it easy for facilities of all sizes and budgets to join the EHR revolution and provide a best-in-class patient experience.

Foodservice. Competition among QSR and Fast Casual brands is more fierce than ever, all while consumers are demanding more menu choices and better ingredients. Olea's kiosks—inside or at the drive-thru—can increase ROI by driving increased throughput, improving order accuracy and asking for the up-sell with every order.

Gaming. As casinos fight to prosper amid changing demographics and player trends, they find themselves adopting new technologies, and Olea Kiosks is leading them into the world of self-service. Our technology helps build brand loyalty, expedite check-in/check-out, bust queues, sell event tickets and more. No wonder casinos from Las Vegas to Macau and Singapore get their gaming kiosks from us.

Custom. Olea Kiosks is known as the "go-to" company for beautifully designed custom kiosks. With decades of experience on hundreds of unique projects, placing over 10,000 specialty units in the market, we feel confident saying we are the industry's leading provider of custom self-service solutions. To earn clients like Nike, Kaiser Permanente and FedEx, you have to be the best.

MONACO GAMING KIOSK

Powerful. Effective. Olea.

Streamline traffic and offer new and exciting rewards to your players with the Monaco Gaming Kiosk.

This stylish kiosk features a 19" interactive LCD touchscreen and a generous 22" advertising LCD. To maximize ROI, this kiosk is equipped with an expansive computer system that allows both LCD monitors to operate simultaneously.

For added versatility, hardware options include magnetic card scanner, barcode scanner and printer options ranging from tickets to full-size directional print-outs. A flexible addition to the Olea gaming kiosks family, this well-rounded unit can easily be configured around your casino's specific player loyalty parameters.
