

Better kiosks through intelligent design...

Metrolite 22 Wide Kiosk

Data Sheet

Featuring a 22" Touch Screen, Small Footprint, and Amplified Stereo Speakers

Designed to impress, the modern and adaptable Metrolite Wide 22 continues Olea's mission to provide better kiosks through intelligent design. Preserving the flexible configuration found in all Olea products, this kiosk's precision engineering accommodates features such as credit card reader, keyboard, trackball, receipt printer and Wi-Fi capability. The multitude of transactional components featured in the Metrolite Wide 22 makes it one of the most powerful retail solutions available on the market. Companies that seek to improve user interaction and ROI in small spaces or high traffic can depend on its compact footprint and dynamic security constituents.
