Better kiosks through intelligent design...

**Austin 22” Portrait Kiosk**

Data Sheet

*Sleek and modern the Austin Freestanding Kiosk can work in almost any environment.*

The Austin continues Olea’s mission to provide better kiosks through intelligent design. To maintain the flexible configuration all of our kiosks boast, the Austin was meticulously engineered to accommodate optional 15” or 22” All in One computers in either Portrait or Landscape as well as a Pin Pad and POS style Receipt printer. The wide array of transactional components housed in this sleek, feature-packed kiosk makes it one of the most powerful retail solutions available on the market. Its compact footprint and rugged security compliment a variety of environments for companies that seek to improve ROI and user interaction in small spaces or high traffic areas.
